INTRODUCTION

Spelling Bees offer an opportunity for students to exhibit their proficiency in the art of spelling. The following suggestions are appropriate for Bees in all types of schools (public, charter, online/virtual, parochial, private, and home school) and are designed to help plan and produce a successful Spelling Bee. This list has been compiled from the experiences of State Spelling Bee Committee members coordinating all levels of Spelling Bees for many years. Always remember that the focus of all Spelling Bees is the students.

SUGGESTIONS FOR A SUCCESSFUL BEE AT THE LOCAL (School, System and District) LEVEL

1. Read and follow the official State Spelling Bee booklet, *Procedures, Rules, and Regulations*, for the current school year. A copy of the booklet can be downloaded from www.gae.org/spellingbee.
2. All students in grades four through eight should have the opportunity to participate in the bee.
3. Provide for a form of elimination – classroom and/or grade level. The Bee may be oral (spelling and vocabulary) or written. If the number of spelling bee participants in the preliminary round is more than 25, a written Bee is recommended.
4. The word list for the written or oral Bee at the classroom or school level may come from *Spell It!* word study booklet, which is available online when the school or homeschool/association has paid Scripps National Spelling Bee enrollment fee. The school or homeschool/association will receive access to a password-protected Web site where it may obtain PDF versions of study materials from Scripps National Spelling Bee.
5. All word lists **should** have definitions and sentences. Based on the proficiency of spellers, it is recommended that the list contain a minimum of between 10 – 20 times the number of spellers. The list should progress from beginning-level to advanced-level words. The difficulty within the rounds should be consistent.
6. A copy of the word list and rulebook is to be furnished to the caller and each judge. Safeguard the word list before and after the Bee. Provide the caller the word list in advance so that he/she can practice words.
7. Begin with a practice round using easy words. No one is eliminated during the practice round.
8. During the Bee, follow the word list. Try to keep the difficulty level consistent within the round and progressively more challenging as the rounds advance. Be sure to include at least one round of vocabulary words. These words are provided with Scripps' enrollment fee.
9. The location of the Spelling Bee should provide adequate lighting, sufficient space, and a noise-free environment. Secure this location as early as possible in the school year.

SUGGESTIONS FOR A SUCCESSFUL BEE AT THE LOCAL (School, System and District) LEVEL (cont.)

10. For an oral Bee, a good speaker system, microphones, and two adequate recording systems are necessary.
11. Develop your list of contacts for possible callers, judges, spotters, business owner/managers, etc.
12. A caller should have a background in the English language with no distinctive accent.
13. In addition to the caller, three judges and two spotters, who alert judges to an objection from a parent, legal guardian, or school representative for the affected speller, are recommended. Spotters are to face the audience.
14. Other personnel may be required for registration, refreshments, set-up, clean-up, etc. Be sure custodial concerns are covered before and after the Bee. Check to see that restroom facilities are adequate and stocked.
15. Devise a way to determine the order of seating of the spellers (draw/choose random number/item corresponding to seating arrangement).
16. Make number for speller to wear that corresponds to number drawn/chosen. Also, make numbers for the chairs.
17. One person (parent, legal guardian, or school representative) is to be designated as the official advocate for each speller and should be seated in a section with seat numbered to correspond with speller's number.
18. Prepare a packet/envelope containing ribbon, pin, certificate of participation, coupons, etc., to give to speller.
19. Purchase certificates and/or pins from GAE for spellers. Secure awards and prizes for winner(s) from local GAE unit and/or local businesses.
20. Prepare program listing spellers, caller, judges, spotters, etc. Provide the agenda and recognize contributors.
21. The agenda for the Bee should include a welcome, introductions, and reading of rules in the State Spelling Bee *Procedures, Rules and Regulations* booklet. When the Bee is down to two spellers, read rules under "Competition Between Two Finalists" in the State Spelling Bee *Procedures, Rules and Regulations* booklet. The *Procedures, Rules and Regulations* can be found at www.gae.org/spellingbee.
22. Test recording equipment before Bee. Video equipment may be used in addition to audio recorders. Recording equipment should be placed as close to the speller as possible without being distracting.
23. Light refreshments are optional, but encouraged. Ask local GAE unit or local businesses for help.

SUGGESTIONS FOR A SUCCESSFUL BEE AT THE LOCAL (School, System and District) LEVEL (cont.)

24. Caller, judges, and Spelling Bee coordinator should meet in private one hour prior to start of bee to go over rules, word list, and other concerns. Assign specific duties to individual judges: (a) To be the spokesperson and to refer to the dictionary; (b) To write/record each speller's response letter by letter; and (c) To operate the adequate recording systems.
25. Meet with spellers just prior to beginning the Bee to go over any instructions, including what to do when spelling is incorrect and concerns regarding rules. Spellers should go to the restroom just before beginning Bee.
26. Judges determine if the caller has correctly pronounced the word. If it is incorrectly pronounced, the judges are to inform the caller. The speller is to pronounce the word given by the caller. It is important that the speller pause after pronouncing the word to give the judges time to determine if the speller has heard the word correctly from the caller. The speller should directly face the judges when spelling. Pronouncing the word when the speller is finished lets the judges know that the speller has finished spelling the word.
27. Remember that an objection may be made by a designated person who is a parent, legal guardian, or school representative of the speller affected. To object, the designated person is to stand and remain standing until recognized by the spotter. The spotter informs the judges who stop the Bee. The judges hear the objection, confer, and make their decision, which is final on all matters. Subsequent objections must be different from those made previously.
28. Record the order of elimination of spellers from the Bee to ensure the appropriate speller(s) advance to the next level of competition.
29. Be sure to send thank you notes to all people who helped or provided items or gifts for Bee.
30. Make sure the winner(s) are informed of the next level of competition and that the necessary forms are completed and submitted to the appropriate person before the deadline. See page 15 for a sample Qualifier Form.
31. School-level winners should be provided a copy of the ***Procedures, Rules, and Regulations*** for the current school year, which is available on the GAE website at **www.gae.org/spellingbee**.
32. Contact the media. Prepare a press release before and after the Bee.
33. The appendix has examples of many useful suggestions that can be adapted to your Bee level or situation.

NOTE: The State Spelling Bee Committee encourages your comments and suggestions regarding this handbook in an ongoing effort to promote the best possible spelling competitions for our Georgia students.
